

## McCORKLE — for COLORADO —

In 2020, lifelong Democrat Ike McCorkle stepped up to the plate and set off to do what others believed to be impossible: **flip Colorado's historically red 4th Congressional District.**

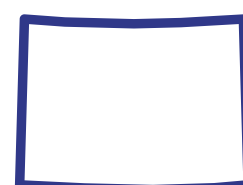

A champion of his community with a **demonstrated track record of finding solutions to complex problems**, Ike is no stranger to the issues plaguing his district. Through growing up on food stamps in rural Washington, Texas, and Alabama, and enlisting in the Marines at 17, Ike knows the importance of government support programs and will not only fight to uphold them but to expand them.

Retired Marine Force Reconnaissance Officer, Ike McCorkle is the right candidate to flip the 65,000 votes we need to win CD4. Ike will not quit and Ike will be your voice and advocate in the halls of Congress.

## IKE MCCORKLE IS...

### A PRAGMATIC RURAL PROGRESSIVE

At the top of Ike's platform is the need to address the climate crisis, and the need to ensure every American has access to healthcare, the support, and services they need to get through this crisis.

In times of health, sickness, and strife alike, Americans deserve access to the services that their tax dollars should be paying for.

On every issue, Ike will fight for his constituents rights, liberty, healthcare, education, and jobs!

### COMBAT WOUNDED MARINE VET

Ike believes in service with integrity! After 9/11, Ike volunteered to return to Active Duty and served in Marine Force Recon in Operation Enduring Freedom and Operation Iraqi Freedom, attaining the rank of Gunnery Sergeant.

Ike was Commissioned as an Officer in 2009, worked at the Center for Irregular Warfare, and retired a decorated, combat-wounded Marine Officer.

Ike is running to restore people's trust and confidence in good governance.

### PROUD FATHER OF 4

As a proud father of 4 Ike feels the weight of responsibility for future generations on our shoulders.

With stopping climate change at the forefront of his agenda Ike is unwavering in his desire to create a livable world for his children and if elected will be a diehard supporter of green policies.

Having undergone the horrors of combat and agonizing hours of waiting to find out if his son survived the STEM Highlands Ranch shooting, Ike believes that safe storage and mental health is critical to solving our gun violence problem.

### A CHAMPION FOR HIS RURAL DISTRICT

Ike will take on the issues that challenge our production agricultural practices with common sense Farmer/Rancher centric policies.

Ike will support our farmers and ranchers fight against big government and corporate agricultural practices.

Ike's Farmers First policy includes unbridled "right to repair" and prioritization of water distribution and storage infrastructure investment.

Cheaper water and energy infrastructure investment that yields sustained job creation.

Editorial Board

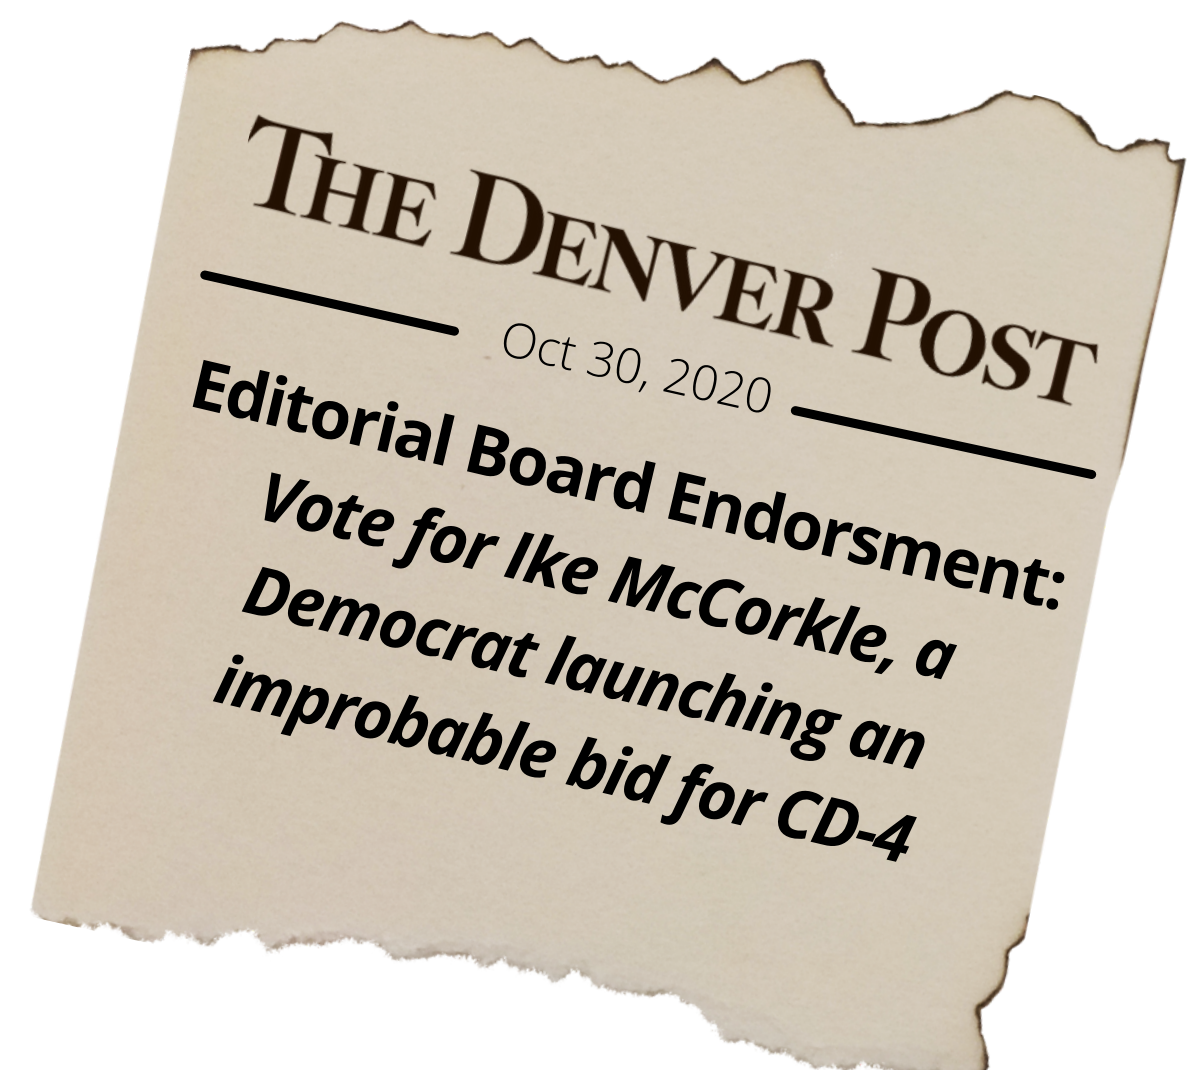

Despite the prevailing belief that Ike's district is a GOP stronghold, Democrats in CO-4 voters in Ike's district are ready for change, fed up with both parties, and ready to listen to someone who will fight for them - Ike is that champion. With a growing coalition and stacked roster of endorsements, Ike is the only Democrat in the running and is poised to turn CO-4 blue. Ike's clear path to victory is based on the coalition and rapport we have built, and will persuade the voters we need to win in 2022!

## AN UNDERDOG STILL IN THE FIGHT

**[From the Denver Post]** Ike McCorkle, a Democrat launching an improbable bid to become the U.S. representative for Congressional District 4, is an impressive candidate.

What he lacks in political experience ... he makes up for with 18 years of service to this country in the U.S. Marine Corps including six deployments and four combat tours. McCorkle retired in 2014 and was awarded a purple heart for wounds he sustained in combat and the Navy and Marine Achievement medal with combat Valor decoration.

The contrast between the two candidates is clear. We think McCorkle is better aligned with The Denver Post editorial board's priorities for the next two years in Congress.
